DP ENTERPRISE., A System Integration Company, was incorporated in the year with a goal to pursue

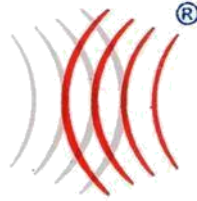

- The best satisfaction to the esteemed customer
- The best development platform for the employee
- The best contribution towards technological solutions to the society

DP ENTERPRISES has been founded to provide end-to-end IT solutions to meet every possible business need to leading corporate houses, both present & future. We strive to become a Top-class System Integrator by building lasting relationship with our clients. Our objectives are to attain customer satisfaction through quality product & services offerings and maximize wealth with ethical work practices.

Over the last four years, we have built a close-knit team of best Marketing & Service Engineers from the IT industry. With the combination of Intelligence and Knowledge, *THE AIM IS TO OUTPERFORM OURSELVES*. Armed with strong skills on Leading Edge Technologies, Business Processes and sound Interpersonal Skills, we deliver solutions that exceed customer expectations.

The recent consolidation in the IT industry has left the customers wanting for a stable partner, who can bring quality and show value. We believe that DP ENTERPRISES is and will continue to be a real provider of innovative solutions that offer best-of breed technology, service and exceptional value - with tools that reduce cost of ownership and optimize return on investment. We offer a wide range of System Integration and Networking Integration Solutions.

The company is headed by **Mr. Deep Vaghela**, who has over 7 yrs. Experience in the IT industry. Have well-trained Certified Hardware Engineers who constantly strive to give all its skills and efforts to maintain 99% uptime at all the installations. With this kind of positive attitude, DP ENTERPRISES is all set to meet the set goals.
